

Baby Care Class Set For Area

Harbor area residents expecting a baby soon will have a chance to learn to use the tools of baby care from Red Cross.

"This means tools like cotton swabs, bottles, safety pins, diapers, and of course, the baby," Mrs. Abner Kaplan, chairman of nursing programs for the Harbor area explained.

"The baby doesn't present too much of a problem as long as he — and mother — are in the hospital," said Mrs. Kaplan. "But eventually the job of caring for baby changes hands — from the professionals at the hospital to the amateurs at home."

TO HELP make it easy for new parents to learn, Red Cross offers regular, free courses for them throughout the area.

"Lots of experienced parents have had Red Cross training," Mrs. Kaplan said, "and they say it's made life easier both on them and their offspring."

The next course will be offered Monday and Wednesdays starting May 5, from 7:30 to 9:30 p.m. at the Red Cross Service Center, 1499 W. First St., San Pedro.

Prospective dads and moms are invited to enroll together by calling the Red Cross.

Blood Unit Will Visit On Monday

It's bloodgiving time again at Harbor College.

Harbor students have set a goal of 100 pints when a Red Cross Bloodmobile comes to the Wilmington campus, Monday, April 28.

Registration of prospective donors will take place through April 28.

Anne Haggood, co-chairman of the drive, says minors between the age of 18 and 21 do not need written consent of a parent to give blood this year. Contributions are not limited to students and faculty alone, but will be accepted from any one wishing to be a donor. Further information may be obtained by calling the college.

The bloodmobile will be on campus from 10 a.m. until 3 p.m.

The blood collected is either distributed as whole blood or used in "blood medicines" such as gamma globulin, serum albumin, and fibrinogen.

This semester's blood drive will be sponsored by the Community Services Club.

Drug Abuse Exposition Scheduled

The problems of drug abuse will be explored Saturday from 12 noon to 6 p.m. at the Drug Abuse Exposition to be held at Hawthorne Memorial Center, 3901 W. El Segundo Blvd., Hawthorne.

Making presentations will be the Palos Verdes Hot Line, the Torrance High Line, and the new Quest project which is sponsored by the Torrance Youth Commission. Each of the groups will explain how its services and counseling programs operate.

Ex-addicts, who are now community workers with the Narcotic Information Service, will show films and answer questions.

Civil Defense System Test Slated Friday

Civil defense sirens of the combined Los Angeles city and Los Angeles county warning systems will be sounded Friday at 10 a.m. in the customary test of the emergency systems held on the last Friday of each month, Sheriff Peter J. Pitchess announced.

The test, as usual, will consist of the undulating tone pattern only, which will be sounded for one minute.

Upon an actual attack, said Pitchess, the warning sirens would be sounded for from three to five minutes.
